

International Journal of Modern Engineering Research (IJMER)

Volume : 13 Issue : 4

ISSN : 2249-6645

Jul.-Aug. - 2023

Contents :

Electric vehicles adoption with renewable energy	01-12
Design and development of an ejecting mechanism to remove clogged soil effectively from excavator buckets	13-25
Analysis of Two-Phase Flow with respect to Nozzle Angle in Abrasive Jet Machining Using CFD	26-32
Efficiency analysis of Coconut Coir as an Insulation Material for Flat Plate Solar Water Heaters	33-38
An Analysis of Camshaft Vibration Using FEM	39-44
